

Did You Know?

By Jason Aguilar

Did You Know...Anson Nursery offers FREE landscape consults? If you were unaware or not sure what a landscape consult is. Please, let me tell you. Let me begin by saying at Anson Nursery, our goal is to give you the best information to better help with any questions or projects you may have pertaining to your gardening and landscaping needs. With that said, we offer a free landscape consult to anyone who's looking for a professional to Landscape their home or business. This is a Multi-step process that is very simple and I will break everything down for you.

1. Call the office and set up a time and date to meet. Our friendly staff will ask you some basic information and put you on the calendar.
2. The day of the consult, you will meet with our landscape designer and basically walk the areas that you are looking to change. Our goal that day is to measure, take pictures and make any notes. This would be a great time to tell the designer what your ideas are and plants you like and don't like.
3. You will receive an email with the landscaping design and quote. Print everything out and bring it to the nursery. Our friendly staff will walk you around and show you the plants that had been selected. At any point, you can change and modify the plants in the design for something different.
4. You will receive an email with an updated quote and design based on the changes you may have made. Once you confirm that everything looks great, we will schedule you for your landscape install date.
5. Last but not least...There are NO Deposits or down payments!!! We will do a final walkthrough with you to ensure that everything looks great.

Now, If you are a do it yourself type of person. Great!! We also offer services slightly different then a consult. We recommend bringing in a printed picture or your own sketch of the areas you are looking to landscape. This will better help our staff to look at the pictures and show you great options for the area. We'll help you load the plants into your vehicle and give you a basic care sheet. We also offer delivery and planting for any plant or tree.

If you have never stopped by the Nursery or it's been awhile since the last time you were in. We would love to meet or see you again. We carry a wide range of trees, Shrubs and flowers. Our inventory is always changing, so come on in and say Hi.
